**Mail order form or call in order**

Please feel free to call and ask questions. Bob Wolfrath has sold seedlings and transplants for many years and is happy to advise you. Important questions: Type of soil? Do you have deer? How wet is it? How much shade?

**TIPS** (1) Keep roots damp and covered at all times until planted. (2) Soak thoroughly on day of planting. (3) The first season it is best to water any time soil is dry **May** --- **October**. Just enough to keep trees alive through the first summer.

All orders are pulled and held with a 50% downpayment when purchased. Please send at least 50% with order. We will contact you when order is ready for pickup. Sometime between April 20th and May 15th is normal. If you do not hear from us before April 25th---- please give us a call. **920-779-6493** or **Bobs cell 920-716-2988**

**HOW TO ORDER**--Call in your order or simply mark the amount desired in the box in front of the item # you want. The item # assures you of the exact item. Your special discount of each variety and size is figured by the amount purchased of each type.(see quantity discounts) You may not add up different sizes or types to reach the break except in the fruit tree section. **Check our web for specials on Deer Candy trees and Fruit trees. You may add Deer Candy and Fruit trees together to receive volume discounts.**

Wolfrath's has a full line of trees, shrubs, hardy roses, fruit trees and much more. We have younger stock up to huge 30' trees. Please take advantage of all our quality, northern grown stock for your good future. (You also save freight when buying local)
